Why Choose ThinkSmart?

Combining innovative technology with personalised services, Lenovo's ThinkSmart range improves the way employees work together in today's agile environment. Make collaboration more productive with smart devices that meet your team's unique needs.

With options for a variety of UC platforms and room sizes, ThinkSmart devices are also enabled with ThinkShield, Lenovo's industry-leading suite of customisable security solutions, to keep your devices and data safe. Collaborate, communicate and share fearlessly with ThinkSmart.

ThinkSmart Core + Controller

EASY TO CHOOSE
Built with the newest and fastest 11th Gen Intel® Core™ vPro® processor (1.50GHz up to 4.10 GHz) and Intel® Iris® Xe graphics, secure and trusted Windows 10 IoT Enterprise, ports to support multiple A/V accessories, and integrated cable management.

EASY TO USE
Certified and preloaded with Zoom Rooms[1] to help employees connect, share, and collaborate seamlessly and securely from wherever they may be working.

EASY TO MANAGE
Remote manageability through pre-loaded ThinkSmart Manager software.[2] Comes bundled with one year of Smart Collaboration Professional Services Deploy and Maintain.

EASY TO TRUST
Built-in security solutions from Lenovo ThinkShield and the Intel® vPro® platform, which provides the world's most comprehensive hardware-based security for business.

[1] Must be paired with ThinkSmart Bar XL and used with the included mic pods.

ThinkSmart Core

[2] ThinkSmart Manager comes pre-loaded on all ThinkSmart Core devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart Core purchase for one year. You can choose to continue service for an additional cost.

ThinkSmart Controller

View Now

EASY TO SHARE
The 10.1-inch, 10-point touch display lets users initiate and control the meeting, share content, collaborate face-to-face, and communicate easily.

EASY TO USE
The familiar Zoom Rooms interface makes it easy for on-site employees to collaborate with colleagues working remotely.

EASY TO SEE
Controller display features a 16:10 aspect ratio and 1280 x 800 resolution with anti-glare and anti-fingerprint coating.

— ThinkSmart Core Full Room Kit —

Includes ThinkSmart Core + Controller, ThinkSmart Cam & ThinkSmart Bar

CAPTURES REALITY
ThinkSmart Cam delivers a wide field of view and high resolution and frame rates to eliminate distracting lag and distortion as well as higher contrast, vivid colors, and brighter images in low-light environments.

EAGER TO LEARN
Lenovo's first AI smart camera follows the conversation and encourages interactivity with features[1] like active speaker tracking and whiteboard awareness.

FITS RIGHT IN
Features a compact, lightweight design that can be placed on a tabletop or mounted to a wall or TV screen.

EASY TO MANAGE
When integrated with ThinkSmart Manager[2], ThinkSmart Cam can be centrally managed and customized to meet the needs of the users or space.
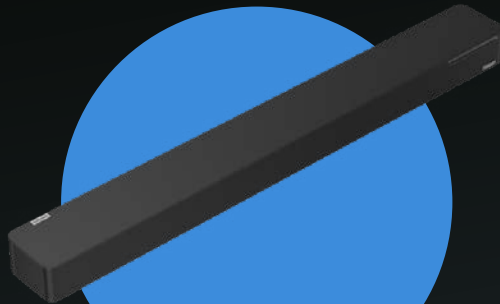

ThinkSmart Cam

[1] AI features are controlled via ThinkSmart Manager, which is available with the purchase of ThinkSmart Core. Whiteboard awareness is available at ship support. People counting will be available in Spring 2021 (v2.0) with ThinkSmart Manager.

[2] ThinkSmart Manager comes pre-loaded on all ThinkSmart Core devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart Core purchase for one year. You can choose to continue service for an additional cost.

ThinkSmart Bar

LISTEN UP
Delivers exceptional sound quality with lifelike clarity via stereo speakers, four built-in mics[1] with 180-degree wide-angle coverage, and integrated DSP noise cancellation.

BUILT FOR SCALE
Speaker and integrated mic range of 8.5m to accommodate a wide range of room sizes, from huddle rooms to boardrooms.[1]

SIMPLE SET UP
Can be placed on a tabletop or mounted to a wall or TV screen.

EASY TO MANAGE
When integrated with ThinkSmart Manager[2], ThinkSmart Bar can be centrally managed and customized to meet the needs of the users or space.

[1] ThinkSmart Core Full Room Kit is available with or without additional mic pods for the ThinkSmart Bar.

[2] ThinkSmart Manager comes pre-loaded on all ThinkSmart Core devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart Core purchase for one year. You can choose to continue service for an additional cost.

— ThinkSmart Hub —

EASY TO CHOOSE
Built with 8th Generation Intel® Core™ processor (1.60GHz up to 4.10 GHz).

BUILT FOR TEAMWORK
Start your meetings on time, manage your cables, communicate via voice, chat in real time and share control with the rotatable display.

SAVE TIME & MONEY
With one-touch meeting start, participants can avoid dial-in delays and begin collaborating immediately while IT professionals can use ThinkSmart Manager to deploy, monitor, manage and troubleshoot all Hub devices from one centralised location.

CLEAN AUDIO & VIDEO
4 built-in, premium-tuned 3W, full-duplex speakers and 4 dual-array mics will fill the meeting room and participants' remote locations with crystal clear audio. The 10.1" antiglare, smudge-resistant display features FHD (1920x1200) resolution and 320nit brightness.
