

SAMSUNG

Why choose the Samsung E-Board Series?

WAD E-Board

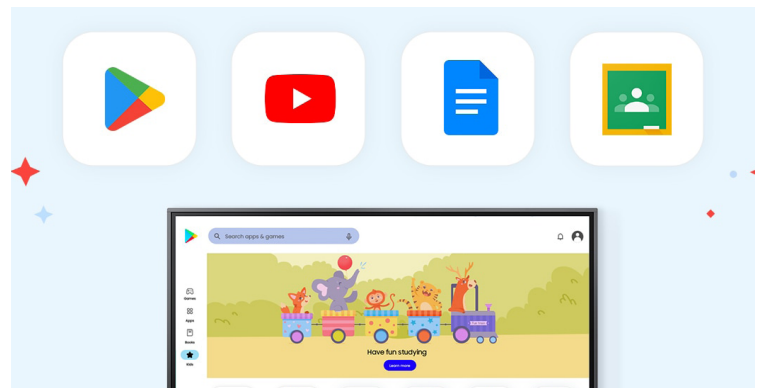

Improved, more powerful Android OS platform

WAD E-Board

Introducing the interactive display WAD series for engaging educational experiences. Based on Android OS, it provides a familiar and intuitive user experience. It's compatible with other Android devices and provides a variety of widgets and an easily customisable home screen – creating more flexibility to suit all learning needs.

Effortless access to Google services

With an EDLA certification, the WAD series supports a variety of Google services like Google Play and YouTube. This access to major educational apps like Google Classroom leads to increased efficiency and enhanced communication with students.

Bonus features

- Display multiple screens simultaneously for easy multi-tasking
- Dual-pen functionality
- TUV certification – the WAD series is equipped with features like anti-glare panel, low blue light and flicker-free functions to protect eye health.
- Multi-point touch with up to 40 simultaneous touchpoints.
